Dear Member,

The next meeting of the NMR Discussion Group will be our annual Christmas meeting which will be held on Thursday, 19th December, at the Scientific Societies Lecture Theatre in Savile Row, London.

Coffee will be served from 10.00 a.m. and the meeting will commence at 10.30 a.m. The meeting fee covers the cost of morning coffee, afternoon tea and lunch with wine.

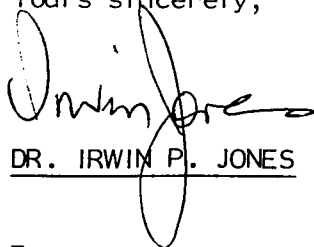

The morning session will be devoted to the field of solid-state NMR, with contributions from Professor R.K. Harris and Mr. G. Nesbitt, both of the University of Durham. During the afternoon, Dr. R. Freeman of the University of Oxford will speak on the subject of solvent suppression in NMR.

The rest of the program has been left open to provide an opportunity for further talks from Group members. We therefore invite short contributions (20-30) minutes in the fields of solid-state NMR and NMR techniques.

If you wish to attend this meeting, please return the enclosed form together with your remittance to Dr. Beynon before 7th December.

I look forward to seeing you at the Scientific Societies Lecture Theatre.

Yours sincerely,

DR. IRWIN P. JONES
